**Friday 16 October 2020**  
1.00 - 2.00pm

**Zoom Seminar**

Three scholars studying bushfires from entirely different disciplinary and institutional perspectives will share their research and reflections on the nation's Bushfire Summer with interested colleagues from across the university and interested members of the public.

**Conversations Across the Creek** is an initiative of the **Humanities Research Centre** and the **Research School of Chemistry**. These events provide a space for continuing dialogue among scientists, social scientists, and humanities scholars, with the aim of stimulating and unearthing research and teaching collaborations across the university.

**Please register - light lunch provided.**
