

HRC 50TH ANNIVERSARY CELEBRATION WEEK

2024

2024 marks the 50th year of the ANU Humanities Research Centre (HRC). Established to bring together leading humanities experts from across Australia and the world, the HRC continues to serve as a catalyst for cutting edge work of enduring importance.

To celebrate this milestone we are delivering a series of events showcasing multidisciplinary research into ideas of time and place and paying respect to Indigenous people through the theme of 'everywhen'.
